Mr Fothergills Potato Grow bags!

Mr Fothergill's Potato Grow Bag is an ideal way to grow your potatoes in a limited space. The bag is made using durable, breathable materials that allow air to circulate through the root system, which means stronger, healthier plants and an improved yield. It features strong handles to make it easier to move around, and the panel on the front can be opened and closed easily, to check your harvest.

BUY ANY TWO BAGS FROM THE COPRICE WORKING DOG RANGE AND SAVE!

Draw takes place July 31st

Disclaimer: to be eligible for this raffle you must have a loyalty number and/or account with us in store
